THE HONGKONG DISPENSARY,

THE LEGISLATIVE COUNCIL.

The Legislative Council mot this efternoon. H. E. Sir William Robinson presided. There were also present: Hon. J. H. Stewart Lookhart, Acting Colonial Secretary; Hon. A. J. Leach, Acting Attorney General Hon. A. M. Thomson, Acting Colonial Treasurer; Hon. R. M. Rumsey, Harbour Muster; Hon. C. P. Chater, Hon. J. J. Keswick, Hon. Dr Ho Kai, Hon. R. Belilios, Hon. A. McConachie, and Mr A. Seth, Clerk of Councils.

THE GOVERNOR CLEARS UP A MYSTERY.

His Excellency-Before proceeding the Orders of the day, I wish to make a few | dealing with exemptions and said he inremarks with reference to the paper laid tended to postpone consideration of the upon the table at the last meeting of Council showing a statement of the revenue and expenditure for 1894. From that statement of revenue and penditure it will be seen balance in band was \$451,000. Several bill entitled 'An Ordinance to declare the comments have been made with reference to these figures and in connection with the statement which I made on 29th November that the balance in hand was 8600.000. It has been inferred that the Government wished to put a good face on the revenue in reference to the Exchange Compensation, and my stattment has also been called a rhetorical flourish. I wish to state that I made the statement last Novomber in good faith, and I am quite sure all the members of Council will agree that that was so (applan e). As the statement was also repeated by the Acting Colonial Secretary, I think, in justice to ourselves, I ought to lative Council this ofternoon :say that we were distinctly informed that the balance was \$620,862. I am sorry

that the mistake occurred. I have no desire to throw blame upon an absent officer; and I am very glad to be able to tay that the revenue of the current scale (applause).

This proposal is based upon the as-

the Sanitary Board on its expedition. it is urgent that the byc laws should be deferred to a future occasion.

His Excellency-I will refer Clause 31 back to the Sanitary Board, and I ask the Council to pass the bys-laws with the oxception of that clause.

REGULATION OF BANK NOTE ISSUES. Mr Leach-I have to bring before the attention of the Council to-day a subject which is not in the orders of the day, and that subject is a bill to regulate the issue of bank notes in the Colony. No notice having been given of the bill, it will be nece siry that it may be introduced that should move the suspension of the standing orders. The bill has been sent out by the Secretary of State to pass it without delay, and it is necessary to put it through all its stages to-day in order that there will be no attempt to evade or no evasion of the provisions. I therefore move the suspension of the standing orders. Mr Lockhart seconded.

Mr Leach-I have to move the first read ing of a bill outitled 'An Ordinance to regulate the issue of Bank Notes.' The object of the Ordinance is to prevent any over. bank from making, leaving or circulating any bank notes without the sanction of one of Her Majosty's principal Secretaries of State. It does not attempt to effect, and indeed, it exempts from its chief provisions the rights of banks to issue under Royal Charter or Colonial Ordinance. The Ordinance, as I have already remarked, is introduced by the express direction of the Secretary of State for the Colonies. The regulation for the issue of paper money by bankers is the undoubted prerogative of the Crown in Rogland, as regulated by the Bank Charter Act of 1834, and although the Colonial regulations point clearly to the ont the previous sanction of the Secretary this ordinance should be passed. The Ordinance, briefly, provides that heresfter to affect bank notes payable to bearer on fensive purposes. which are in circulation There is also a provision in the Ordinance enabling the Colonial Treasurer to in the event of their disagreeing by an inrequire banks to furnish him with a state. dependent and competent surveyor, to be ment of bank notes in issue, in circulation, chosen by agreement between the Home to 20th March of this year, in order that and Colonial Governments, whose report notes issued afterwards may be identified should be final. The cost of employing from notes issued prior to the parsing of such surveyor would be borne by the this Ordinance. I do not think is will be Colonial Government, but should be placed necessary for me either on the second or to its credit in the special account.

4. Effect would be given to the above proposal in the following manner:-

If the Coloniel Government should not desire to retain the lands and buildings to be surrendered, they will be sold in the upenmarket, and the proceeds paid into the Colonial Treasury, when the amount would be entered in a special account to the debit of the Colonial Government. In the event of any new lands or buildings being immediately required for the defensive purposes of the Colony the amount of the above-mentioned proceeds, or a sufficient portion of them, would be paid out as required for the purchase of the new sites. and for the construction of the new buildings; the amounts so paid out being entered in the Special Account to the credit of the Colonial Government. 11. The foregoing proposal relates solely to the terms on which Colonial Military Lands in the hands of the War Department should be surrendered to a Colonial Government. It does not affect the obligation of a Colony to provide other lands required within its borders for military purposes, whether under some special agreement, or under the general obligation that rests on every Colony to contribute, according to its means, towards its own defence. Whatever the cirenmitances of a Colony may be it is abviously within its means to maintain its Colonial Military Lands intact, in money or kind, for defensive purposes.

There are persons who hazard an opinion that it is not alone to protect the life and property of the British residents in the East, but also with the object of attempting interference, if necessary by force of arms against Japan, that England has sent a service of men-of-war to the East. Mossis Chater and Vernon, in their share report for to-day's mail, say :-Rates have ruled firm during the week under roview, the chief feature in the market being the continued demand for Lands. Market closes firm generally with an unward tendency.

Banks,-Hongkong and Shanghais during the early part of the week under review roled somewhat easier and shares changed hands at 144 per cent. prem., sellers readily demand at 145 for the end of the mouth failed to bring out sellers. - At the time of writing shares have changed hands at 145 Bilver (per oz.) ... per cent, prem. for cash, and market closes firm with an upward tendency at that rate. The latest quotation from home by private advices is £35 firm with an upward tendency. Other Bank stock is neglected at quotations. MARINE INSURANCES. - All Marines have

been neglected but close firm at quotations. We have no business to report. FIRE INSURANCES. - Hongkongs shave

changed hands in small lots at \$175. Chines are enquired for at \$77 without bringing out sellers. Surpring. - Hongkong, Canton, and Macaos have roled steady with further sales at \$ 0. but more shares can be obtained at the rate. Indo-Chinas have improved their position with sales at \$38 to 839, closing firm at latter rate. China and Manilas, after presentation of the report to the shareholders, failed to muintain their position and sellers at \$63 meet with no response; probably a Barometer point or two lower would be accepted. Temperature Douglas's have continued to rule weak Humidity during the period under review, the weak. Direction of ness culminating to a sale at \$50; more shures are wanted at the rate, but none Force ....... seem forthcoming; the weakness may be Weather ...... attributed to the fear of Japanese luterference in Formesa, and the consequent dislocation of trade in the island. China-

£7 for Prefa. REFIREME .- Chinas continue out of favour and the rate has fallon without sales to \$135. After a long priod of inaction Lonons, on the strength of a good report and a 8 per cent div., have been negotiated at \$48, market closing firm at that rate. MINING. The market has roled dall and with the exception of a forther rise in Balmorals to \$5.90 with sales at that, \$5.25. \$5.60, and \$6.75 we have nothing of interest

Mutuals are enquired for in a small way at

1. "\$1. Commercial Road, Peckham, July 12.

"Dear Sir,—I am a poor hand at expressing my feeling, but I should like to thank you. Your lorenges have done wenders in relieving my terrible cough. Since I had the operation of 'Trachetomy' (the same as the late Emperor of Germany, and unlike him, thank God, I am still allve) performed at St. Hartholomew's Hospital no one could possibly have had a hore violent cough; it was so had at times that it quite exhausted cough; it was so had at times that it quite exhausted me. The mutus, which was very copious and hard, has been softened, and I have been able to get rid of it without difficulty.—I am sir, yours truly, J. HILL. UTTERLY UNRIVALLED.

UTTERLY UNRIVALLED. The above speaks for itself. From strict inquiry it appears that the benefit from using Keating's Cough Luzenges is understated. The operation was a specially severe one and was performed by the speculist, Dr. H. T. Butlin, of St. Bartholomew's Hospital. Since the operation the only means of relief is the use of these the operation the only means of relief is the use of these Lozenges. Be successful are they that one affords immediate benefit, although from the nature of the case the throat irritation is intense.

"I should long since have been dead, but for your Lozenges—they are worth their weight in gold. I will gladly see and tell anyone what a splendid cough re-Keating's Cough Lozenges, the unrivalled remedy for COUGHS, HOARSENESS, and THROAT THOUBLES are sold in Bottles by all Chemists.
